DETAILED ACTION

Claim Rejections – 35 USC § 102(b)

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-7 are rejected under 35 U.S.C. 102(b) as being unpatentable over Mirza (U.S. 6,347,471).

Mirza discloses a multi-layered signage apparatus wherein the material displayed may be easily replaced comprising a message holder (frame) having a front (plastic film) and back panel used to display one or more replaceable signs or messages including instructions, notes, bulletins and other documents (column 1, lines 12-64 and column 2, lines 11-30) which are conventionally alphanumeric.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Hillstrom (U.S. 5,983,543) teaches a display device comprising a transparent cover for placement of pricing, advertising or promotional material and a second display area or portion for additional displays (column 2, lines 31-40).
